Elliott,

The need is to have continuity with personnel changing out and wrapping up some things that may not be completed this week. If you can be here for a week that will work. The Gold King work will continue until 11/19 or so. However, you do not need to be here for all of that. I can have Deere and Ault cover that work as needed.

We can talk later as needed.

Hi Steve,

I got your request for me to return to the site. I have begun rescheduling my personal appointments (baby classes and appointment) and certification classes scheduled for next week. With this in mind what date are you anticipating the site will be closed out for the year/ can I demobilize? We are working on a second person to accompany me as well. Is there anything/any personnel you would like in addition to me and the second person?
